4. Occ. Hygiene Challenges ..

❑ OCCUPATIONAL HYGIENE

- A noted increase in the 'A' category band for both Noise & Dust.
- Lack of maintenance of dust suppression / filtering units.
- Gaps on Fire Prevention Systems.
- Late submission of reports required in terms of Reg 9.2
- Altering DMR forms for no particular reason.
- The usual wastage of cool vent air through gullies etc.
- 6 x cases , suspected missed Milestones (Silicosis).
